Winning in the Age of Automation: Strategies Beyond the Back Office

The age of automation is here, and there's no turning back. Automation was once only for the back office, but now health systems are extending its use to operational processes from OR access to discharge planning, and more.

In this session you will learn:

- How you can grow surgical revenues by \$15 million per facility
- Why embedding AI into frontline EHR workflows is a game changer
- Strategies to ensure automation delivers tangible value

PUBLISHER'S WELCOME

Welcome to Chicago for the Becker's CEO + CFO Roundtable! We are excited to have you join us for this world-class event where you'll have the opportunity to learn from and network with C-suite executives from highly regarded hospitals and health systems across the U.S.

The fast-paced and thought-provoking sessions focus on:

- Growth strategies
- Meaningful innovation and disruption
- Financial pressures and key investments
- Workforce models of the future
- Diversity, equity and inclusion efforts that work
- And more!

You'll walk away from each session energized with insights and action items to implement with your teams. We are also thrilled to connect you with industry leaders who can provide immense value to your organizations.

Healthcare is evolving faster than ever and you have the opportunity to make a difference for the patients, caregivers and communities you serve. We are honored to have you join us for this event.

Should you need anything at all during the event, reach out to the Becker's team at events@beckershealthcare.com. We are here for you.

Scott Becker

DISRUPTION & INNOVATION ARE CONSTANT IN HEALTHCARE.

Healthcare has never been static — disruption and innovation are constants. The continual challenges and changes demand industry leaders exchange best practices and ideas to improve care, enhance operational efficiency and address financial setbacks. Regardless of the changing climate, Becker's Healthcare remains committed to facilitating these conversations. There will be 250+ speakers from hospitals and health systems and 98 percent of the speakers from the C-suite discussing topics such as diversity, value-based care, financial stability and academic medical centers. You will surely remember this conference with keynote speakers like Virginia Mason Franciscan Health CEO Ketul J. Patel, and Atrium Health President and CEO Eugene A. Woods in attendance.

Becker's 10th Annual CEO + CFO Roundtable plans to return to the Hyatt Regency in Chicago. Join executives from Stanford Health Care, Geisinger, Atrium Health and Intermountain Healthcare, among other leading organizations, for panel discussions and keynote interviews covering the most pressing issues facing hospitals and health systems today. Along with the in-person program in Chicago, we will also have a virtual component for those hospital and health system attendees who would prefer to attend from the comfort of their office or home.

Session Tracks

WORKSHOP

The Power of Innovative Partnerships: A National Model for Success

TUESDAY, NOVEMBER 8 | 10:55-11:35AM | GRAND I

Join us for a discussion on the importance of innovative partnerships as the industry evolves between consolidation and the increasing influence of new entrants.

The discussion will highlight the pioneering joint venture between Beacon Orthopaedics & Sports Medicine (founders of OrthoAlliance) and TriHealth – two of the leading healthcare providers in the Greater Cincinnati area.

PANELISTS INCLUDE

Andy Blankemeyer
CEO
Beacon Orthopaedics

Kelvin Hanger
President & COO
Good Samaritan Hospital

Greg Maddrey
President
Chartis

Grand K

D. Design Matters: How to Accelerate Results by Redesigning Your Hospital Operating System

Possibility Beyond the EHR

Dr. David Feinberg, Chairman of Oracle Health, and Dr. Sarah Matt, Oracle Health VP of Healthcare Markets, will discuss how data-driven decision-making helps improve community health outcomes while simultaneously mitigating rising healthcare costs. By connecting data and workflows, health systems can unleash the full potential of their technology to power a true healthcare ecosystem that can deliver more accessibility, health equity, and better care.

Join PwC at the Becker's Hospital Review 10th annual CEO + CFO Roundtable

The session will focus on discussing the evolution of healthcare into connected health ecosystems — networks of multiple industry players focusing on lifetime value of consumers.

Panelists from health systems will discuss their position on partnerships, technology investments, value-based care and operating model / workforce decisions to be part of these ecosystems.

We will also highlight why connected health ecosystems are needed now, and how to move faster and with more impact on their CHE 3.0 journey.

WELCOME TO

SPARC Academy

TRANSFORM YOUR EHR TRAINING.

Introducing SPARC Academy, a first-of-its-kind, asynchronous EHR training product. SPARC Academy goes beyond traditional static eLearning solutions, streamlining, simplifying, and accelerating instruction.

- Alternative to costly, time-consuming traditional classroom courses
- Developed and led by EHR system experts
- Training tailored to and integrated with your EHR
- Classes can be taken anytime, anywhere, on employees' terms
- Designed to cut training time in half, allowing experienced hospital staff to care for patients sooner
- Guided by adult learning principles that better prepare end users for real-life scenarios

LEARN HOW SPARC ACADEMY CAN WORK FOR YOU.

It's about results

Personnel shortages, financial challenges, and quality of care are top issues facing hospitals.¹ Intuitive works in collaboration with surgeons, care teams, and hospitals on implementing new staffing models to help alleviate staff burden and optimize OR performance.

Getting the most out of your robotics program—that's Intuitive.
