THE DIFFERENCE IS MEDICATION MANAGEMENT THAT TAKES LESS MANAGEMENT

BD CAN HELP YOU GET YOUR TECHNOLOGIES ON THE SAME PAGE, AND YOUR TEAM DOING WHAT MATTERS MOST. At BD, we know medication management is incredibly complex. Aligning people, technologies and systems to get a single medication safely to a patient is daunting. But there's a better way—one that helps hospitals get all the players, parts and processes on the same page. At the heart of it is the BD HealthSight™ Platform, our integrated approach that connects our medication management solutions with each other—and with the EMR. The result? Improved efficiency and greater visibility across your enterprise, so you can get back to what matters most: your patients. Discover medication management that takes less management. Discover BD.

Gain new perspectives from industry innovators as they share organizational strategies and lessons learned from their medication management practices: bit.ly/BD_CMM

WELCOME TO BECKER'S 12TH ANNUAL MEETING.

Welcome to the Becker's Hospital Review Annual Meeting! It is such a pleasure to hold this event in-person again in Chicago. The last two years have been anything but normal, and we're thrilled to once again fill the Hyatt with engaging conversation and debate shaping the future of healthcare.

Over the course of this world-class event, you'll have the opportunity to learn from and network with 250 C-suite executives from hospitals and health systems. The fast-paced and thought-provoking sessions focus on:

- Big wins and lessons learned from the last year
- Meaningful innovation and disruption
- Leadership and growth strategies
- Building resilient teams
- And more!

You'll walk away from each session energized with insights and action items to implement with your teams. We are also excited to connect you with industry leaders who can provide immense value to your organizations. Healthcare has never been static and now more than ever you have the opportunity to make a difference for patients, caregivers and communities. We are honored to have you join us for this event.

Should you need anything at all during the event, reach out to the Becker's team at events@beckershealthcare.com. We are here for you.

DailyPay for Hospitals & Health Care.

On-Demand Pay: A Modern Cure for Historic Challenges in the Health Care Industry

Your employees have been battling on the frontlines for quite some time now, while you've battled increasing costs and decreasing margins. With over half a million fewer health care workers in the U.S. today and employee turnover increasing, it's more important now than ever to control unnecessary costs, while taking care of your frontline workers. An on-demand pay benefit like DailyPay can help.

Why Leading Hospitals & Health Care Companies Choose DailyPay

Cost Savings

DailyPay has helped health care clients to **increase tenure by more than 30 days annually**, saving hospitals and health care facilities save millions of dollars in costs related to turnover.

Faster Hiring

Jobs that advertise **DailyPay result in almost twice as many applications**, which can give you an advantage over the competition as America starts to reopen.

Higher Patient Satisfaction

85% of engaged employees display a genuinely caring attitude toward patients, compared to only 38% of disengaged employees, according to Rewardian. **Offering DailyPay increases employee satisfaction by 73%.**

Improved Productivity

56% of DailyPay users say DailyPay motivates them to pick up more shifts and **59% of users say DailyPay motivates them to go to work.**

TAKING ACTION TO DISMANTLE HEALTH INEQUITIES

through Partnerships, Research, and Policy

APRIL 25, 2022

9:30 - 10:10am CT

Grand I, Hyatt Regency Chicago

The global pandemic has further brought to light existing healthcare disparities and widened the gap for historically underserved communities prompting an urgent need to address inequities within our healthcare system.

At the same time, our collective response to COVID-19 has demonstrated what's possible when we break down silos and collaborate to tackle the most complex challenges facing patients. During this workshop, panelists will share key learnings from the pandemic and discuss the role of research, partnerships, and public policy in driving meaningful health equity solutions.

Join the workshop at Becker's Hospital Review 12th Annual Meeting in Chicago

WHAT ABOUT THE OTHER 50% OF YOUR MEDICARE SPEND?

DATE: TUESDAY, APRIL 26

TIME: 1:00 - 1:40 PM CT

WORKSHOP SPEAKER

Rob Bessler, MD

Chief Executive Officer

Health plans and providers have invested mightily in value-based care capabilities over the last decade with a particular emphasis on primary care and reducing hospital admissions. Yet, even the most successful value-based care organizations will still have hospital admission rates of anywhere from 100 to 200 admits per 1,000 members.

With 50% of Medicare spending happening in the acute episode of care initiated by that admission, a holistic approach must look beyond primary care interventions to the other major drivers of cost and quality.

**Join us at Becker's 12th Annual Meeting in Chicago
where Dr. Bessler will discuss:**

- *How a comprehensive value-based care strategy that extends into the acute episode of care can complement a primary care strategy*
- *Sound's lessons from managing \$10 billion in at-risk spending*
- *Five operational principles that create reproducible results*
- *Sound's perspective on the future of value-based care*

Automate Care Operations to Reduce Workload & Drive Long-Term Value

Wednesday, April 27th, 1:15 - 1:55pm
Room Grand K

Join leaders from Bon Secours Mercy Health, HonorHealth, and Qventus to discover how leading health systems are using automation to address immediate issues like staffing shortages, as well as long-term challenges such as length of stay, margin compression, and systemness.

By eliminating manual steps and using AI to guide decisions, these health systems have achieved massive efficiency improvements — resulting in reduced burden on front-line teams, enhanced patient experience, improved asset utilization, and more.

In this session you will learn how to:

- Improve care team satisfaction
- Decrease excess days by 30-50%
- Grow surgical volumes by 2+ cases per OR per month

We transform global healthcare:

Delivering innovative solutions to improve health outcomes

Impact where it matters.

A NEW kind of Emergency Medicine company. *Better.*

Healthcare has changed over the past few decades, so why shouldn't your emergency medicine partner?

American Physician Partners was founded to provide a *new* option to hospitals like yours, and we've become the fastest-growing EM group for a reason:

we are a management company, not a staffing company.

What does that mean to you? We take full ownership of and accountability for the performance of your emergency department. *Every* hospital has realized improvements under our intentional leadership model. Are you ready to turn your ED into the center of excellence your patients deserve?

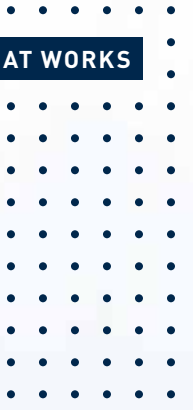

Scan here to receive a no-cost, no-obligation staffing and financial proposal for comparison with your existing arrangement.
